Allen Gao

Computer Science

SKILLS

Languages: Proficient: C++, C, TypeScript, JavaScript | Experienced: Bash, C#, Java, Golang

Frameworks: Mocha, Spring Boot

Tools: Git, Vim, Node.js, MongoDB, Azure DevOps

EXPERIENCE

Software Developer, Acentury \(\to \)

08/2020 | Richmond Hill, Canada

- Developed and maintained a **Node.js** library with **TypeScript** to parse, flatten, and authenticate **JSON Schemas** as inputs and outputs to function blocks
- Designed a single sign-on scheme using Keycloak's Spring Security Adapter, Java and customized authentication workflow to support Telus LDAP
- Automated deployment process by developing a CI/CD pipeline with Azure DevOps
- Expanded testing coverage by designing automated jobs to run Mocha tests

PROJECTS

CC3k. C++

- Developed a dungeon-crawling game with multiple character and enemy races, custom map layouts, and interactive gameplay
- Utilized object-oriented programming practices and several software design patterns to increase program efficiency, resilience to change, and maintainability
- Implemented several algorithms to generate random rooms with a distributed population of enemies

Blog Web App, MongoDB | Express | Node

- Created a full-stack web app using the MEN stack for managing blog posts
- Designed a responsive, intuitive, and scalable interface utilizing JavaScript, HTML, CSS, and BootStrap
- Created a secure login system using **Passport.js** and **Express** and incorporated a **MongoDB** database to store user-information and blog posts

Personal Website, Hugo | Markdown | HTML/CSS

- Built a static website using Hugo, HTML, and Markdown, to display personal projects and links
- Deployed using GitHub Pages

EDUCATION

University of Waterloo | 2A

09/2019 - present | Waterloo, Canada

Candidate for Bachelor of Computer Science (Co-op)

• Major Average: 93.25

- Dean's Honours List (F2019, W2020)
- Relevant Courses: Object-Oriented Software Design, Data Structures and Data Management

AWARDS

President's Scholarship of Distinction, University of Waterloo

Entrance scholarship awarded for achieving above 95%

Euclid Math Contest, CEMC

Top 25% in Canada
